

About Skyraker:

“America's *Skyraker* released their debut album 'Stars and Screams' last year. This is 'Into The Storm,' blending grunge, doom and stoner with a twist of psych to add a trippy feel to the hypnotic heavy, grooves. Listen on headphones to really get that otherworldly effect! #G #stoner #psych #doom” ([Loud Enough Magazine, UK](#))

Based in Portland, Oregon, Skyraker is a psych-rock trio formed in 2021 by guitarist / vocalist Jason Baker, bassist / vocalist Ben Carey, and drummer / vocalist Bryan Fairfield. The band counts as musical references an equal mix of Pink Floyd, All Them Witches, Melvins and Queens of the Stone Age, amongst many others.

Skyraker's second studio album *Society of the Triode* picks up where the band's debut release left off, unleashing a blisteringly psychedelic and hard-hitting, feedback and fuzz-drenched 6 song EP that defies easy categorization as a stoner rock, psychedelic, garage-rock or post-punk work. The album was recorded and mixed at the band's own Sasquatch studios in WA state over a year-long period in 2025 and was mastered by Gus Elg at Sky Onion Studio in Portland, OR.

Society of the Triode is set for release on March 6th, 2026 and will be available in digital / streaming format via all major platforms including Apple Music, Spotify and YouTube Music. *Society of the Triode* is also available for pre-order as a limited edition physical CD through the Skyraker Bandcamp site.
